

M A K E A

S K E L E T O N G A M E !

This game is very easy to make and super fun play! Just print, cut, and color (optional). I recommend printing on cardstock and laminate always! We did 2 of each card and 8 skeletons but how ever many you'd like will work.

How to play: Place the cards in a pile and the skeleton parts in another pile. We separate the parts for easier access. Take turns drawing cards. Get whatever part is on the card. If you don't need the part you drew you take nothing. The first person to build a skeleton wins!

Very simple loads of fun! Enjoy!

This is a Homeschool Help Desk original game created by me. As it is with every **HHD** download, this download is/was 100% free and always will be. I'm not creating and sharing materials to get rich, sure I could use some extra cash, who couldn't right? But that's not why I'm doing this! When I say I just want to help homeschoolers as much as possible, I mean it.

Share this and anything else you get from my sites as much as you want. The more you share the more people that receive help.

I have no issue with you altering most of what you find on the site, in fact I do my best to offer DIY versions of everything I make so you can customize it to better suit your children and homeschool methods. I do ask that you not remove my site information from anything you share, keep it on so others can find help there as well. Please, help me reach more people seeking help, do NOT remove the site info.

I know my site isn't fancy for a couple of reasons. I want it to stay as simple as possible so it's easy to use and to be completely honest I'm figuring it out as I go, I am not very savvy at this. since I offer everything free I am using the free web builder plan.

The site is already loaded with so many things to help homeschooling in so many ways but I don't plan on stopping or slowing down. I have already upgraded the site so I can offer even more and connected to other social media sites you can get links for on the website as well as a YouTube channel complete with educational playlist from several amazing YouTubers.

So if you like what am I'm doing here, please, help me continue to do it and to keep improving. **SHARE** the site link & info! Spread the word, help it grow so I can keep helping make

your homeschooling journey a bit easier and maybe even little more fun!

If you find any typo's or errors in anything please leave a comment, send a message, or e-mail me at thehomeschoolhelpdesk@gmail.com

Thank you,

Rayleigh Garcia
